To Whom It May Concern:

### **AC International Ltd**

I have known Mrs Rosalind Young, Director of AC International for over seven years in her capacity of exporting New Zealand's education.

The energy and abilities of Rosalind to facilitate relationships with New Zealand educational institutes and counterparts in Mainland China have been both impressive and rewarding for all parties concerned.

My strongest praise for AC International is their total commitment to quality, to long-term relationship building and to honesty in their business relationships.

AC International can be relied upon to follow through with initiatives and they support international students from the time they arrive in New Zealand until they graduate.

My personal recommendation for AC International's integrity is based on fifteen years of international experience in the field of education and as a consequence I provide this statement with conviction and sincerity.

Yours sincerely
